/SERVICE DIRECTOR: Service Director Smith reported concerning the water tower with Dentz Painting, Tom Omen and his job foreman have already been there and inspected the tower and done a site review. They have been to the top of the tower making sure everything was safe and available for their gear. The only thing that we are waiting on is the rental of a special lifter. There is very few of them that are designed for this purpose that they reserved and it is still not freed up yet and it is looking to be one day this week that it will be on site. I have been working on the Lowe's grant with the city's Grant Writer Bill Gardner and we have had another meeting with Lowe's at the Community Civic Center going over different issues that will be brought before everybody on the 11th of October. We are working on the winter Service Department stuff. So there is a lot of work going on over there with the plow trucks; the salt spreaders and all that type of stuff to make sure that we have a real good early start. One of the other things just for everyone's information, the Service Department is going to be going down all the back streets cutting and trimming over-hanging tree limbs that are going to be in the way of the salt truck dump body so that we are prepped for winter when that time comes. Councilman Kovach asked fall clean-up, are we scheduling one? Service Director Smith answered yes we are on that for one day and Lisa is just verifying that date. *Motion by Huska/Second by Bring to accept the report. Yeas
