MAYOR/SUPERINTENDENT'S REPORT: Commented on below:

OLD BUSINESS: None.

Lincoln Blvd; nature trail from Oster to Lake Road proposal/wetland study- Mayor Bring reports Mr. Hastings called and they are still in limbo. They have not given us the go ahead on that yet. Mayor Bring reports the road projects are going to start this week or next week. The water bills are still moving forward and for the most part that is going very well. We had a hiccup that affected about 37 or 32 people. It showed they owed \$0 on their bill and that has to be corrected. We did get \$126,000 for Alameda and that is for a new waterline. The project is more than that and Superintendent Hastings is working on getting more. We are sitting in a good spot with refuse, and I am glad we stuck with who we did; we haven't had many issues. I have a meeting with NOPEC tomorrow about road projects, etc. Chairman Wtulich asks when is our contract up with Republic? Mayor Bring replies it's awhile yet. We got a very favorable contract with them. Councilman Erdei asks have you heard anything on the water tower? Mayor Bring responds nothing right now. Councilwoman Gee asks is there a chance this summer to redo any of the cold patch that's coming out? The north end of Gayle is missing all the patches in one whole

section. Mayor Bring says it should all be hot patch now. I will have to find out. There is even a pothole at the boat launch.

NEW BUSINESS: None.

CITIZEN'S COMMENTARY: None.

MEETING ADJOURNED: With no further business before this committee,

*Motion by Kovach/Second by Erdei to adjourn at 7:09 PM. Yeas All.
